SPOTLIGHT BOOK

A stunning novel of the extraordinary and the everyday

An astonishing, powerful and compelling story of love, fear, power and redemption, *The Blind Light* is a novel for our times.

Moving from the Cuban Missile Crisis to the War on Terror, from Skiffle to Rave, from the Wireless to WiFi, including wildmen Cumbrian poets, a ghostly apparition of Kate Bush, secret libraries, a non-stop party sound-tracked solely by Abba's 'Fernando', *The Blind Light* cuts to the heart of who we are and how we came to be here.
